

Tara, Class of 2018

For me, being a young mom, I can do school whenever I want to basically. I can start whenever I want, finish whenever I want, take breaks whenever I need to, and just go at my own pace. School my way means to me that I can literally “School My Way” and focus on taking care of my child, and just develop through life the way that I want to. Go for it. It’s great. The teachers are nice. The guidance counselors are super helpful. They are super flexible with what you need to do and what you need to have. They’re literally at the snap of your finger. They’ll help you so I recommend it, a lot.
