

Xavier, Class of 2018

School my way means you do it on your own time. You have the opportunity to get ahead of your work so you can be able to manage your time better when you want to have extra-curricular activities. My basketball school, it's called Fundamental Prep Academy, we all had a meeting, SC Whitmore was one of the options. It was free, everybody just liked the set-up of it. It feels like I don't have to wake up in the morning and do school work. I can focus on basketball and other stuff I have to do for my family. In the future, I plan on going to college. I'm going to start at Greenville Tech and take welding. I'm going to transfer to a school that has basketball and then, hopefully, I can play overseas.
