

Aysmaine Campbell, Class of 2019

What brought me to the Whitmore School is the flexibility that was offered and I really needed it at the time. When I looked on its website the first thing that I noticed was, "School Your Way." Your coursework is available to you 24/7. You always can get things done. My experience was great. I had great teachers that always communicated with me and gave me great feedback. It was great! That is all. Choose Whitmore, "School Your Way!"
