

Tre'von Wilson, Class of 2019

What brought me to SC Whitmore school was, it gave me more time to have with my family, friends and my girlfriend and the hours were more flexible. I can travel and carry my work and still get banks done. Would recommend the school to anyone. It is a great school, and they get the job done. Be prepared to work and have everything in order, because they are going to stay on you.
