

## **2022 Graduation Highlight**

Good morning parents, teachers, family and friends, the board of directors, faculty our Principal, Mrs. Adams, and my fellow graduates. No matter what our reasons were for choosing SCWS just a few short years ago, what is important now is that we are all here today to celebrate our triumphs, achievements, victories both individually and collectively, and the journey on which we have all embarked towards our future destination.

I just want to say thank you to the staff. They were so helpful, and I didn't think I was going to get through. I was so worried about being a senior.

Thank you! You guys helped map out my last four years.

I would like to say thank you to the school. They told me exactly what I needed to graduate.

Defining success, the beauty of that word is that we get to cater what that means for any given student. It is great to see so many faces today, of students that I have gotten to know over the years.

So now by the virtue vested in me, through the board of directors of the South Carolina Whitmore School and the state of South Carolina I confer upon each of you, your high school diploma, and I offer my congratulations!

Congratulations, Class of 2022! We did it!
