

## **2023 SCWS Graduation Video: Christine and Jason**

Speaker 1

My name is Christine Featherstone. I am the attendant specialist at SC Whitmore School.

Speaker 2

My name is Jason Rowe. I teach math here at SC Whitmore School.

Speaker 1

SC Whitmore School is a good fit for me because they allowed me to come back to work and still have the flexibility of staying home with my children. I love and appreciate that SC Whitmore School allows me to work one on one with our students and families on a daily basis.

Speaker 2

I have the flexibility to work with my students and build relationships that I can't normally build at a traditional brick and mortar school, and I can work with them any time of day that they need.
