

2023 SCWS Graduation Video Series: Recap

Graduates, you are here today due to your hard work, sacrifice and perseverance. Thank you for choosing South Carolina Whitmore School on this journey. Graduates of 2023. Please stand and be recognized.

SC Whitmore School helped me prepare for my next steps by providing course opportunities that weren't available at other schools and provided me with a strong staff that's always been willing to support and help me at all times.

I learned about SC Whitmore School during a research project. I learned that school your way could help me get my time back.

South Carolina Whitmore was a good fit for me because we get to go as fast or slow as you need.

And now, by the authority vested in me to the Board of Directors of South Carolina Whitmore School and the state of South Carolina. I confer upon each of you your high school diploma.

Class of 2023, congratulations on today. This is a big deal, you have earned this.
